Opis produktu

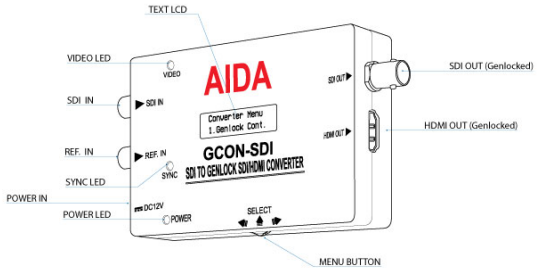

GCON-SDI

SDI to Genlock SDI/HDMI Converter

THE PERFECT CAMERA SIDEKICK – Professional SDI Genlock Converter
GCON-SDI converts SDI/3G-SDI sources to Genlock SDI/3G-SDI and HDMI with zero latency, keeping the integrity of the original source feed intact. GCON-SDI supports 1080p resolutions up to 60 fps. The Tri-Level Sync Genlock featured in the GCON-SDI syncs with other system components for seamless vertical interval switching between sources. GCON-SDI supports ancillary data in both SMPTE 352 payload ID and audio and relays it through its SDI output. Its rugged and portable design makes GCON-SDI a perfect camera sidekick to where it’s needed most.

Features:

- 3G-SDI up to 1080p60 full HD Resolution Input.
- Simultaneous HDMI and SDI Loop Output.
- Highly compatible with Tri Level reference input SMPTE 292M & 424M Compliant and multi-video format including 59.94Hz.
- SMPTE 352M Ancillary Data supported.
- Embedded audio pass through via SDI & HDMI.
- Adjustable V-sync & H-sync phases.
- Divisional picture comparison.
- Built in Pattern Generator.
- Built in LCD menu screen.
- Built in menu control button.
- Versatile, compact, and rugged design.
