Opis produktu

Record uncompressed 10-bit video using from 3G-SDI and HDMI video sources. DeckLink Mini Recorder switches between SD and HD video formats and is perfect for building ingest servers or other video solutions where you need to capture only in a low profile card! Includes two PCIe shields for both full height and low profile slots.

Key Features:

- High speed PCI Express with PCIe shields for both regular and low profile slots included.
- Built in SDI and HDMI connections on each model.
- Supports all common SD and HD video formats.
- Uncompressed and compressed 10-bit 4:2:2 YUV quality.
- Supports Final Cut Pro X, Adobe® Premiere® Pro CS6, Avid Media Composer 6, Blackmagic DaVinci Resolve, Adobe® After Effects® CS6, Adobe® Photoshop® CS6 and more.
- Includes Blackmagic Design's Media Express 3.
- Developer SDK available to download free.
