Opis produktu

Blackmagic Design DaVinci Resolve Editor Keyboard

The DaVinci Resolve Editor Keyboard is designed for professional editors who need to work faster and turn around work quickly. More than just a simple keyboard, the DaVinci Resolve Editor Keyboard has been designed as an alternative way to edit that's much faster than a mouse because you can simultaneously use both hands at the same time! You also get an integrated search dial built right into the keyboard. Simply plug the keyboard into any USB-C computer and you are ready to go! While most keys will work as a standard USB keyboard, the DaVinci Resolve Editor Keyboard has been designed for DaVinci Resolve 16 to enable an editing experience that's dramatically faster than previously possible.
