Opis produktu

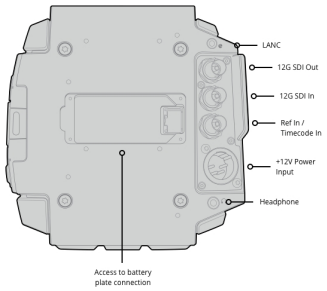

Blackmagic URSA Broadcast

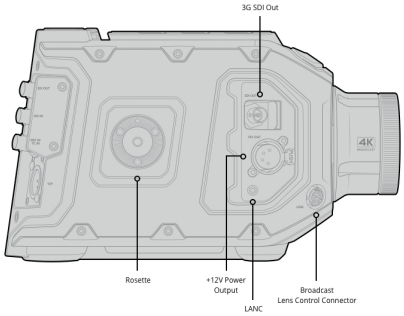

URSA Broadcast is an advanced Ultra HD broadcast camera that works with your existing HD or Ultra HD B4 lenses so you can shoot HD today and switch to Ultra HD when you’re ready! You get professional broadcast controls, built in ND filters, non stop 12-bit recording of ProRes and DNx files to dual SD UHS-IIor CFast cards, and new extended video range for stunning broadcast ready shots that can go straight to air. URSA Broadcast is two cameras in one. Use it for production work or add a Blackmagic URSA Studio Viewfinder to turn it into a live studio camera with remote control and built in color corrector!
