Opis produktu

Blackmagic Desing Video Assist 7" 12G HDR

Blackmagic Video Assist 7" 12G HDR adds professional monitoring and recording to any SDI or HDMI camera in all HD, Ultra HD, 2K and 4K DCI formats! The super bright 2500nit 7 inch HDR monitor supports 3D LUTs and features professional scopes along with powerful focus assist and exposure tools that help you accurately set focus, exposure and frame shots. Dual built in SD card recorders save files from any camera in 10-bit 4:2:2 ProRes or DNx formats. You also get two mini XLR connections with 48V of phantom power and a noise floor of -128dBV for high quality, crystal clear audio recording. Plus, you can start editing immediately because you don't have to convert the files!
