Opis produktu

DataVideo BC-15P

4K POV Camera

Designed to be Compact. Small box design makes it flexible to be mounted anywhere. Though it is compact, it doesn't compromise on quality. 1/2.3” 4K CMOS sensor captures high quality images and incredible details of the subject.
Built-in Fixed Lens. Built-in swappable fixed lens. No need to purchase lenses additionally, which can be costly.
1/2.3” CMOS Sensor with 4K 50/60p output. BC-15P is one of the best cameras for capturing eSport applications with the included eSport lens. While changing back to the standard lens, it will fulfill the other wide range applications.
Built-in Tally Light. Built-in tally lights make it easier for the talent to know which camera is live during a multi-camera live production.

Power over Ethernet. The BC-15P supports PoE for easy installation. No need to find local power outlets or hire an electrician to install outlets wherever you want to mount your camera. Simply run a single CAT 6 cable to power your BC-15P.

Standard and Wide-angle Lenses. Standard lens gives a nice clear quality of a close up POV shot, while the wide-angle lens captures a wide shot of your subject in great detail.

Lens Type	Standard Lens	Wide-angle Lens
		
Equivalent Focal Length	6mm	2.8mm
Field of View	H: 38.6°, V:21.9°	H: 75.5°, V:46.6°
Working Distance	1m ~ ∞	0.5m ~ ∞
Application	Studio / Chromakey	Fixed POV / eSport / conference cam
