Opis produktu

DataVideo PTC-305

PTC-305 4K PTZ Camera with Auto Tracking

The Datavideo 4K Auto Tracking PTZ Camera PTC-305, is a high-performance tool for live production settings. This camera operates at 4K 50/60p with advanced auto-tracking capabilities. It can be controlled using a traditional RS-422 serial port, or through IP remote control via DVIP (Datavideo's proprietary protocol) or Sony VISCA over IP.

Notably, the PTC- 305 series supports dual streaming output, making it ideal for A/V market applications, and facilitates easy streaming to platforms like Facebook (RTMPS), YouTube, and dvCloud.

Additionally, the PTC-305 models are compliant with the ONVIF Profile S standard, ensuring compatibility and interoperability in various network video environments.

Simultaneous Outputs

Connect your PTC-305 to multiple devices in your workflow for flexibility. All the outputs are active at the same time.

Quick Access to Camera's Auto Tracking

You will be granted direct access to Auto Tracking via various external controllers such as the supplied RMC-1AT PTZ remote controller and RMC-300A DVIP controller, PTC View Assist App, and the TPC-700, etc. You can choose a suitable controller according to your needs.

In addition to camera controllers, you can also easily enable Auto Tracking on switchers, including iCAST mini, KMU-200/300, SHOWCAST 100, etc.

Custom Auto Object Tracking

If you are filming multiple people, you can designate a person for auto tracking. Once linked to the camera, only the designated person will be tracked, avoiding interferences such as the desks, people coming back and forth, large objects, etc.

Simply Enable Auto Tracking with Your IR Remote Control

RMC-1AT PTZ Controller. All you need is a remote control to set and control all four cameras and save the four presets.

Power over Ethernet

The PTC-305 supports PoE for easy installation. No need to find local power outlets or hire an electrician to install outlets wherever you want to mount your camera. Simply run a single CAT-6 cable to power your PTC-305.

WARUNKI Gwarancji do 36 miesięcy

Warunkiem uzyskania gwarancji do **36 miesięcy** jest wymagana **obowiązkowa rejestracja** produktów w terminie **30 dni od dnia zakupu**. W przypadku braku rejestracji obowiązuje standardowa gwarancja **12 miesięcy od daty zakupu**.
