Opis produktu

Eco Capture Quad SDI M.2

Four channel 2K capture card

- Captures SD/HD/3G/2K SDI x 4 + embedded audio.
- High-speed interface with M.2 connector (PCIe Gen2) provides sufficient bandwidth for capturing multiple HD signals or one 4Kp30 signal.
- M.2 standard size of 22 x 80 mm (3.15 x 0.87 inch).
- Low Power Consumption. Power consumption 30%-70% lower (model-dependent) than standard Pro Capture cards with similar input(s).
- Multiple Replicated Capture Streams.

Magewell

Magewell was founded in 2011 as an R&D center and manufacturer of video capture devices. We have been breaking boundaries ever since, expanding our technologies to live streaming, encoding and playout as well as embedded systems for video processing. Our solutions are widely deployed around the world for applications including live streaming, broadcast production, video conferencing, lecture capture, medical imaging, security, machine vision, gaming, virtual reality production and many more.

In addition to empowering end-users, our products are also incorporated into a wide range of third-party solutions on an OEM basis by other industry-leading manufacturers. Our products are available globally through our valued channel partners including distributors, resellers and systems integrators.
