Opis produktu

Marshall Electronics CV380-CS | 4K/UHD 6G-SDI & HDMI 1.4 Output

The **CV380-CS 4K 8.5MP 6G-SDI & HDMI CS/C-Mount Compact Camera** from **Marshall Electronics** captures up to DCI 4K resolution video at 30 fps and offers simultaneous 6G/3G/HD-SDI and HDMI output. Featuring a compact form factor, the CV380-CS is designed as a discrete solution for broadcast, house of worship, live event, courtroom, remote learning, and other applications. A CS/C lens mount and 4-pin auto iris connector provide support for a wide variety of DC auto iris varifocal and fixed focal length lenses.

Features:

- Capture up to DCI 4K resolution video at 30 fps
- Simultaneous 6G/3G/HD-SDI and HDMI output
- CS/C lens mount and 4-pin auto iris connector
- RS-485 connection and integrated OSD menu joystick, as well as audio mic and line level inputs, provided on a breakout cable
- Remote adjust and match control
- 1/4"-20 threaded mounting hole
